Legends say that Saint-Marie-de-la-Mer is the place by the sea where Mary Magdalene and her entourage arrived from Jerusalem in a boat without sails or oars. The original

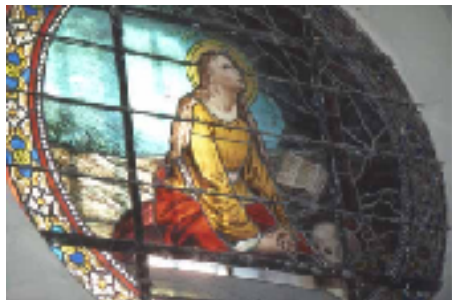

Roman name for this town was “Ra.” This is where Jonette preformed a silent initiation where people first put their hands in the sea, then went and put their hands up to Jonette’s. It was a very windy ceremony which cleansed us even more for the journey to come. *Track 3 - Saintes-Maries-de-la-Mer Ceremony on Beach* - the silent part was not recorded but the words right after the silent initiation were recorded by a participant. *Track 4 - Saintes Maries de la Mer AFTER Ceremony on Beach* was recorded after most people left the beach, however Jonette stayed with a handful of people a little while longer to recoup. One of the participants recorded this for us. *Track 5 - Beach Initiation / Ceremony Explanation From Jonette* was recorded personally by Jonette the next day in the garden at Rennes le Chateau. It is her explanation of what happened during the beach ceremony. *Track 6 - More Comments about the Beach Ceremony* was recorded while driving to the next destination, Jonette shared about her experiences about the beach ceremony with the whole group. The transcript called *France beach ceremony channeling* is included with this package and is from Tracks 3 & 4.
